Assistance to School Fairs Discontinued

The following is a copy of a letter sent to school fair secretaries by the Department: Edmonton, Alberta, March 27, 1933

Dear Sir or Madam:

I regret to inform you that the Government has been obliged to discontinue its assistance to School Fairs, in keeping with the general policy of economy which has been adopted. It will, therefore, be impossible to give supervision, or pay prize grants, as we have been doing in the past.

Seeds for distribution to School Fairs were ordered in January so that they would be on hand for early Spring distribution. When the order was placed it was not anticipated that the School Fair policy would be altered, and the seeds have already been delivered to the Department and as they cannot be disposed of to the seed houses, it has been decided to distribute them to the School Fair organizations wishing to carry on a School Fair during the present season. It may be that the Department will be able to supply one judge for your School Fair in order that we may keep in touch with your organization. This however cannot be definitely promised at the present.

I trust that financial conditions in the Province will soon return to a point where it will be possible to resume important activities of this kind. I want to assure you that the Department is thoroughly aware of the splendid work which has been done by School Fairs. It is only the necessity for strictest economy that has forced the Government to with draw this assistance during the present year, and I have no doubt that the policy will be re-established just as soon as the finances of the province will permit of the expenditure.

We are not in a position to give definite information respecting the School Fair Scholarships at the present time, but you will be advised in regard to this at a later date.

Yours truly,
H. S. Craig
Dep. Min.

Buffalo Hill News

Joe and Wm. Marshall made a trip to the foothills, west of High River last week. They brought back fifteen head of horses from the ranch of Mr. Ward and Dick McLaughlin, which they intend to break and work this spring.

Oscar Severn has purchased a section of land near the farm he formerly owned. The land is located about five miles south of the Eastway School and was purchased on crop payments. He has been busy getting his seed wheat cleaned preparatory to commencing spring work.

Grandma Peterson, at the Jonckheer home, is at present suffering from a severe cold, which we all hope will be of short duration and that she will soon regain her former good health.

Mr. Jonckheer has bought a new 22-horse international tractor through J. M. Weiss. This is a good sign that things are on the mend.

Miss Morrison, the Eastway School Teacher had the misfortune to have her saddle horse fall on her leg. As a result it was necessary to close the school for a week but it reopened on April 4th.

On Saturday afternoon while the children of Dave Munsey were on their way to their home near Milo driving teams of horses hitched to a light wagon containing farm machinery and trailing a disk. They were met by a grain truck driven by Hugh Baden. The boy Lawrence stopped the team to let the truck go by. Both truck and team were on their proper side of the road but on the near approach of the truck, the horses took fright, the two girls jumped out of the wagon and Lawrence trying to hold the horses was pulled out of the wagon. The wheels passed over his legs above and below the knees. Mr. Baden noticing what happened, picked up the children and took them home. The boy was immediately rushed to the Vulcan Hospital to have an X-ray of his legs taken to determine the extent of his injuries. The girls escaped with slight bruises but badly frightened.

Announcement is made of the addition of a \$50,000 warehouse to the Bowwood sugar factory to care for the increased production of sugar by the factory. This year more than 45,000,000 lbs. were produced.

"Closed Lips" Draws Capacity House-- Is Fine Production

Play by Arrowwood Amateur Dramatic Society Well Rendered and Furnished Delightful Evening's Entertainment

The presentation of "Closed Lips" by the Arrowwood Dramatic Society on Saturday, April 1st, in the school auditorium, was a huge success from every angle. The plot carried a good moral for young people and the play was mingled with a good many laughs. To pick out any outstanding star in this performance would be difficult, as it might rightly be called an all star cast. The different characters were splendidly portrayed and showed that time or effort had not been spared in preparation, reflecting much credit on the actresses, actors and the director.

Community Club Meets at Home of Mrs. C. G. Smith

The regular monthly meeting of the Community Club was held at the home of Mrs. C. G. Smith on Tuesday afternoon, April 4th. There were eleven members and one visitor present. After the business had been dealt with it was decided to hold a bridge drive on Saturday evening, April 8th, at the home of Mrs. C. G. Taylor.

The May meeting has been chosen for a mothers meeting and each member is requested to bring a mother. The place of meeting will be announced later.

Brethren Young People Enjoy a Sociable Evening

Twenty-five of the Brethren Young People enjoyed a social on March 30th held at the home of Mr. and Mrs. John Mason. All took an active part in the numerous contests and games. A short business meeting followed in which it was decided to stage another contest. Donald Vancil and Donald Bowman were the leaders chosen. Details about the contest will be arranged later.

The evening's entertainment ended with a lovely lunch.

Genius is the power of kindling one's own fire.

Telephone Installation Rate Reduced

The regular rate for Exchange Telephone Installation has been \$3.50, but the Local Agent has received word that, effective from April 1st, 1933, this charge has been reduced to \$1.00, where the drop wire and inside wiring is in place. This does not apply to rural telephones.

A Modern Clothes Line

The time was that on Mondays the washing was done, And the clothes hung to dry in the warm of the sun And they flapped in the breeze for the whole world to see But the sight was as drab and plain as could be, For the garments of old were of white and of grey And they looked all alike in that old fashioned day.

On Mondays the family washing's still done, And hung out to dry in the warmth of the sun, And it flaps to the breeze, but strange to behold, There's a blend now of orchid and scarlet and gold. The drabness has vanished. The passer-by views A radiant clothes line of marvellous hues.

I passed by a clothes line and chuckled in mirth; It seemed that a rainbow had fallen to earth With its lavender tints blended there with the pink And the fluff of yellow called step-lins, I think; And I said as I looked at those purples and teals "The only plain things on that line are a man's." The local Ford Dealers, Larsen Implements, sold and delivered a Ford V-8 to Milton Grant of the Mossleigh district.

Don't forget the Community Club Bridge Drive at Mrs. Taylor's on Saturday night. Everybody welcome.

The next meeting of the Women's Association (Ladies' Guild) will be held at the home of Mrs. Kemper on Thursday, April 13th, at 2:30 p.m.

Mr. and Mrs. D. Burr and Mrs. Spear, of Vulcan, were recent visitors at the home Mr. and Mrs. J. H. McCann.

Fred and Will Androssoff, of Mossleigh, accompanied Lawrence Larson to Milo on Tuesday afternoon.

The Women's Association (Guild) will hold their monthly cooked food sale in A. A. Clifgar's store on Saturday, April 8th.

The Arrowwood Amateur Dramatic Society wishes to thank all those who so kindly loaned their furniture and other properties to be used as stage fittings.

The Community Club will hold a Bridge Drive at the home of Mrs. C. G. Taylor Saturday night. Everybody welcome. Admission 25c. Lunch will be served and prizes awarded to the winners.

Mr. and Mrs. J. H. McCann returned on March 28th from a week's visit spent in the Sylva Lake and Eckville districts where they had been looking after their farm interests.

Rosecoe Shatto and Lawrence Larson drove to the Gust Jank place, south-west of Milo and brought up a 24-in. Van Brunt drill which Mr. Shatto purchased from Larson Implements.

The Brethren Ladies' Aid are holding a food sale at the Ingraham Building on Saturday, April 15th, from 3:30 until 6 p.m. Cake and ice cream will be served.

The Alberta Government Telephone bureau have reduced their charge for exchange telephone installation from \$3.50 to \$2.00 in cases where the drop wire and inside wiring is in place, but does not apply to rural phones.

Cheer up folks, the ice cream parlor will be open soon!—to be exact, it is to open on April 8th under the new management of Isabelle Horning, who is now busily engaged in shining up the premises and unpacking new stock and making things ready for the opening next Saturday.

Third Annual Sports Meet to be Held on Sat., May 27th

Amazing NEW GUARANTEE!

Year after year **Firestone** has led the way in giving our owners extra tire values, to save them money. Now Firestone gives you an amazing new guarantee which fully protects you for twelve months against any condition that may render a Firestone tire unfit for further use as a result of blowouts, cuts, bruises or any other road hazard excepting punctures or running the tire flat.

For this alone it would pay you to buy Firestone—but, in addition, Firestone is the only tire that can give you all these extra values:

- 1—Two Extra Cords Under the Tread.
- 2—Gum-Dipped Cords.
- 3—Balanced Construction.
- 4—Non-Skid Safety Tread.

As a result of these extra features Firestone gives 25% to 40% longer tire life—no extra cost.

Alberta School Statistics

A total of 3,395 school districts with 5,729 rooms, were in operation in 1932 according to annual statistical report of the provincial department of education. The total enrollment in these schools was 170,795. There were 5,841 teachers employed. The enrollment in the 59 city and town schools was 56,744, while in 17 separate schools there were 5,831 pupils and 42,043 in other graded schools. In 640 consolidated schools there were 7,108 pupils. The record of attendance for all schools was 90.02% of the monthly enrollment. The average number of days for which the schools kept open was 195 while 90.7% of the schools kept open for more than 180 days. The interesting feature of the report is the fact that since 1912 the percentage of pupils in grades 7 to 12 has increased from 14.65% to 32.43%.

New Homestead Lands

Specific crown lands in areas of the province will be thrown open at an early date for settlement, according to an announcement made by Hon. R. G. Reid, provincial treasurer and minister of lands and mines. Announcement as to the particular areas will be made later on, when necessary investigations are completed. Areas will include certain tracts in the west central parts of the province.

Beatty of the C.P.R.

As Monitors Know Him
Reprinted from Montreal Daily Herald

E. Beatty is a quarter-back who studied law, but by a twist of fate became a railway president. Though he couldn't make the first strike on the variety grounds, he had no difficulty with the C.P.R. and has played regularly ever since. They say it was Shaughnessy coaching that in need the trick (Lord & not Shaughnessy).

He is probably the shiest man in Canada. The ladies admire him because he wears his hat over one eye and walks with a quarter-back swagger. The fact that he is a bachelor and apparently intends to remain one provides a second element of "je ne sais quoi" to keep feminine hearts in a state of flutter.

Business men like him because he takes straight from the shoulder and has an unerring talent for getting at the core of the most intricate problem.

The man in the street respects him because he preaches The Gospel Of True Canadianism. Politicians favor him because he is the boss of the C. P. R.

The Prince of Wales is another citizen who thinks Beatty is "all right," and His Royal Highness is always ready to prove it by officiating at the launching of a new C. P. R. ship.

Ordinary people respect him highly, and are sorry his railway is having a hard time.

As a youth he wanted to be a judge, but Fate intervened and sent him a job in the C. P. R.'s legal department. Young Beatty refused to regard this as his life-work, but ultimately had to decide in a hurry when the late Lord Shaughnessy sent for him and asked him to be a Vice-President.

Here is one version of what took place:

Beatty said "No!"
"Tom" Shaughnessy fixed the young attorney with a stern eye and exclaimed, "My God, Beatty! Do you want to be a mere lawyer all your life?" Young Beatty smiled and took the job.

Some people think Mr. Beatty is hard to reach and tales are told of citizens who wait for weeks for the call to conference. Nevertheless he is the easiest man in the country to approach provided you can crash the outer office.

He is one of the few leading citizens who go in for Good Works in a big way without thought of publicity or praise. Not long ago the mother of an ex-boy Home youth who had lost his job in the train line home in despair telephoned to E. W. Beatty, President of the C.P.R. came to the phone in person, discussed the case with the harassed mother, told her not to worry and instructed the C. P. R. official nearest to the boy to ship him back to his home, paying the fare out of his own pocket. These are the things which have won him a reputation for kindness and humanity.

Canadian Pacific

Mr. Beatty was born at Thorold, which Ontario people will tell you is situated in the garden of Canada. He attended several schools in Toronto, and ultimately scratched his way into, through and out of Toronto University and was called to the Ontario Bar. That was in 1901 and almost at once he went into the C.P.R.'s law department. He stayed there for thirteen years before becoming the company's General Counsel. In 1916 he was elected to the Board. In 1918 they made him President, when Lord Shaughnessy dropped one of his two portfolios. Six years later he added the title Chairman to his list of honors. Since then he has held both jobs and has had plenty of worries on his hands. He thinks co-operative management will solve the railway problem. He does more travelling than many businessmen. To-day you will see him in Calgary. Next Monday he will be in Montreal. On Wednesday he will appear before the Railway Commission in the Capital. On Thursday you can talk with him by long distance to the Empress of Britain, outward bound. Wherever he goes he carries his work under his hat. When times were good it used to be written that he had the biggest Industrial Job in The World. The job today is probably just as big but infinitely more arduous.

The continued good repute is largely due to the idea that has not about that he is honest, honorable and taking him by and large, as representative a citizen of Canada as can be found between the two oceans. And there is plenty of evidence to back the charges.

Entertainment and Sport

During the past season curling and hockey were both well patronized and drew good crowds. More recently the Dramatic Society demonstrated their ability when they played before a packed audience. Now when we begin to gambol on the green, it is time to think of baseball. In years gone by, Arrowwood has had some splendid ball teams, and we feel there is no reason why we should not have a good team this year. Will some one start the ball rolling and see what can be done? You can count on our support.

We have been informed that a so-called grain farmer has butter customers that he supplies with ninety pounds of butter each month. Think of what this means to him on his grocery bill. If you have not got a cream separator, we can supply you with one in the Renfrew line and arrange it so that you can pay for it in monthly installments.

If your needs in that second hand drill that you were needing have not been supplied, come in and see us. We may be able to get it for you.

We are still advising you to use British American Autolines in your tractor this spring—a grade and weight for every purpose. You can affect a nice saving by buying our bulk grasses. Bring your own container.
